INSTRUCTIONS TO CONTRIBUTORS

Lack of adherence to instructions may result in delay of publication.

1. Manuscripts should be addressed to the editorial offices, 660 South Kingshighway Blvd., St. Louis 10, Missouri.
2. Papers should rarely exceed twenty typewritten pages in length, including illustrations. They must be typewritten, double spaced, on standard-size white paper 8½" x 11".
3. A condensed title for running page headline, not to exceed forty letters and spaces, should be supplied.
4. Tables are costly to print and should be used only when necessary to clarity. In such cases they should be as condensed as possible and typed on a separate sheet. Tabular matter in excess of 20 per cent of the cost of composition and printing of the manuscript is to be at the expense of the author.
5. Typed legends including the author's name should be clipped to each illustration. Each plate must be arranged by the author. Engraving charges in excess of 20 per cent of the cost of composition and printing of the manuscript are to be at the expense of the author. If illustrations are larger than manuscript sheet size, small prints, as well as the original drawings, should be submitted with the manuscript to facilitate mailing to reviewers. The reduction of figures desired should be clearly indicated on the margin of the drawing. Drawings should be in India ink on white paper and if background lines are used they should be blue. All lettering should be large enough to give 2 mm. letters in the final Journal reduction. Maximum plate size is 5¼" x 8" (if legends are to be included on the same page the length should be correspondingly less). Final single column plate width is 2¾".
6. Authors are requested to limit the use of footnotes.
7. Every paper should end with a brief summary in which the points established by the investigation are outlined.
